

## Student Services

### The Role Played by Student Services

Greg Wilson  
Head of Department

Student Services is the department that looks after the welfare of students and helps enact school policies. Student Services has under its banner the following services and policies.

School Nurse

Chaplain

Specialist Behaviour Teachers

House Co-ordinators

School Wide Behaviour Management

Uniform Policy

Student Services also helps students' access appropriate school and non school services that include:

Guidance Officers

United Synergies

Sunshine coast industry linking service (SCILS)

House with No Steps

&lsquo;The Garage&rsquo;

Child Youth and Mental Health

Development of individual educational programs

Student Services is also responsible for creating and operating &lsquo;Moodle&rsquo; our virtual school. Moodle is a sophisticated course management system that allows students and parents access to class resources that include; assessment tasks, video, self marking exams, (for revision) student collaborative areas and other resources designed to help students that wish to do extra or those absent from school. The value of a web portal is that it operates all day everyday allowing access when needed. This web portal is a secure environment that is for Noosa District State High School student, parents and staff only. There are no unwanted guests.

Greg Wilson
