

YABBA Program Review

Dear Parent / Guardian

Your son participated previously in the YABBA (Young Adolescents Becoming Better Australians) Program.

The YABBA Program is designed to target each student's understanding of themselves, their level of self-esteem, methods of communicating with others, notion of responsibility, understanding of expectations, self-discipline and allows them to achieve new levels of success.

We have organised a review session to reconnect with the boys and go over the strategies and key lessons we covered earlier in the year. This review session will take place at our Mimburi campus on **Friday the 7th December** (Week 9, Term 4).

There is no cost for the day as the school is covering staff, bus and equipment costs as part of our Student Services commitment. However we are asking students to bring around **\$4.00** on the day to contribute towards a BBQ lunch that the students will be cooking on site.

Students are expected to meet basic equipment requirements which include;

- Hat
- Old shirt
- Long pants
- 2 litres of water.
- Raincoat or poncho
- Sturdy fully enclosed footwear – work boots would be ideal if possible.
- Board shorts, spare underwear, towel and plastic bag to store wet gear
- Rash shirt OR T-shirt to wear in water (We must follow school sun safety policy)
- 2nd pair of shoes OR reef shoes to wear in water and protect feet

The **permission form** (attached) outlining the activities, needs to be completed before your child can participate. Please return it to Josh Fuller via the Pomona campus office ASAP. If you have any questions contact Josh at josh.fuller@eq.edu.au or 54808128.
